

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Docket No. FAA-2022-0828]

Agency Information Collection Activities: Requests for Comments; Clearance of a Renewed

Approval of Information Collection: Small Unmanned Aircraft Registration System

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. Aircraft registration is necessary to ensure personal accountability among all users of the National Airspace System (NAS). Aircraft registration also allows the FAA and law enforcement agencies to address non-compliance by providing the means for identifying an aircraft's owner and operator. This collection also permits individuals to de-register or update their record in the registration database.

DATES: Written comments should be submitted by [insert date 60 days after date of publication in the Federal Register].

ADDRESSES: Please send written comments:

By Electronic Docket: www.regulations.gov (Enter docket number into search field)

By mail: Kevin West, Manager, Aircraft Registration Branch, AFB-710, PO Box 25504,
Oklahoma City, OK 73125.

By fax: 405-954-8068

FOR FURTHER INFORMATION CONTACT: Bonnie Lefko by email at: bonnie.lefko@faa.gov; phone: 405-954-7461.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the

accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0765

Title: Small Unmanned Aircraft Registration System

Form Numbers: None.

Type of Review: Renewal of an information collection.

Background: The Secretary of the Department of Transportation (DOT) and the Administrator of the Federal Aviation Administration (FAA) affirmed that all unmanned aircraft, including model aircraft, are aircraft. As such, in accordance with 49 U.S.C. 44101(a) and as further prescribed in 14 CFR part 48, registration is required prior to operation. *See* 80 FR 63912, 63913 (October 22, 2015). Registration allows the FAA to provide respondents with educational materials regarding safety of flight in the NAS to promote greater accountability and responsibility of these new users. Registration also allows the FAA and law enforcement agencies to address non-compliance by providing the means for identifying an aircraft's owner and operator.

Subject to certain exceptions discussed below, aircraft must be registered prior to operation. *See* 49 U.S.C. 44101-44103. Upon registration, the Administrator must issue a certificate of registration to the aircraft owner. *See* 49 U.S.C. 44103.

Registration, however, does not provide the authority to operate. Persons intending to operate a small unmanned aircraft must operate in accordance with the exception for limited recreational operations (49 U.S.C. 44809), part 107 or part 91, in accordance with a waiver issued under part 107, in accordance with an exemption issued under 14 CFR part 11 (including those persons operating under an exemption issued pursuant to 49 U.S.C. 44807), or in conjunction with the issuance of a special airworthiness certificate, and are required to register.

Respondents: 283,761 registrants and 21,910 de-registrants based on CY 2021 data.

Frequency: Information is collected on occasion.

Estimated Average Burden per Response: 6 minutes per response to register and 3 minutes per response to de-register.

Estimated Total Annual Burden: Approximately 28,376 hours to register and 1,096 to de-register.

Issued in Oklahoma City, OK on June 16, 2022.

Bonnie Lefko,

Program Analyst,

FAA, Civil Aviation Registry, AFB-700.
